RETURN TO TITLE IV/REFUND REPAYMENTS POLICY

This policy applies to all recipients of Federal Title IV Financial Aid Funds. Students that are no longer attending the school may still owe funds to the school to cover unpaid tuition. Additionally, the school may attempt to collect any funds from a student that the school was required to return as a result of this policy.

The school is required to calculate how much federal aid may be retained or disbursed for a student who withdraws prior to the end of a payment period. The calculated amount is referred to as "Return of Title IV Funds" (R2T4). The calculation of Title IV Funds earned by the student has no relationship to the student's tuition and fees that may be owed to the school. All students subject to this policy are determined according to the following definitions and procedures, as prescribed by regulation.

The school has 45 days from the date the school determines the students withdrew to return all unearned funds for which it is responsible. The school will notify the student in writing of the

amount of funds that must be returned. The school will advise the student and/or parent that they have 14 calendar days from the date the school sent the notification to accept a post-withdrawal disbursement for funds that have not been disbursed but are eligible to be used for tuition and fees. If a response is not received from the student and/or parent within the permitted time frame or the student declines the funds, the school will return any earned funds being held from Title IV Programs. All post-withdrawal disbursement must occur within 90 days of the date the student withdrew.

WITHDRAWAL BEFORE 60%

The school must perform a R2T4 to determine the amount of earned aid up through the 60% point in each payment period and use the Department of Education's prorated schedule to determine the amount of R2T4 funds the student has earned at the time of withdrawal. After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV funds he or she was scheduled to receive during the period.

WITHDRAWAL AFTER 60%

For a student who withdraws after the 60% point-in-time, there are no unearned funds. However, the school will still calculate eligibility for a post-withdrawal disbursement.

CALCULATING R2T4

Title IV Funds are earned in a prorated manner on a per diem clock hour's basis up to the 60% point in the payment period. Title IV Aid is viewed as 100% earned after that point in time. The school is required to determine the earned and unearned Title IV Aid as of the date the student ceased attendance based on the amount of time the student was scheduled to be in attendance.

In accordance with Federal Regulations, when Title IV Financial Aid is involved, the calculated amount of the R2T4 Funds is allocated in the following order: Unsubsidized Direct Loans, Subsidized Direct Loans and Direct PLUS loans, followed by Federal Pell Grants. The calculation steps are outlined in the following example:

1. Calculate the percentage of Title IV Aid earned by the student.
$$\frac{18 \text{ (completed days)}}{118 \text{ (scheduled days)}} = 15.3\% \text{ (% of completed calendar days within the payment period)}$$
2. Calculate the dollar amount of Title IV Aid earned by the student.
$$15.3\% \times \$2,805.00 = \$429.17 \text{ (Amount of aid earned by student)}$$
3. If this amount is greater than the total Title IV Aid disbursed for the payment period, a Post-Withdrawal Disbursement will be calculated; if the amount is less than the amount of Title IV Aid disbursed, the difference will be returned to the Department of Education.

POST WITHDRAWAL DISBURSEMENT

If a student earned more aid than was disbursed to him/her, the institution may owe the student a post-withdrawal disbursement which must be paid as soon as possible but no later than 90 days from the date the school determined the student withdrew for loans and no later than 45 days from the date the school determined the student withdrew for grants. The school is required to notify the student in writing within 30 days of the date it determined that the student withdrew that he/she is eligible for a post-withdrawal disbursement of Title IV Loan Funds.

However, if the student (or parent in the case of a PLUS Loan) is eligible to receive a post-withdrawal disbursement of loan funds, the student or parent borrower must first confirm in writing whether he/she accepts/declines all or some of the loan funds offered as a post-withdrawal disbursement. A post-withdrawal disbursement of Federal Grant Funds does not require student acceptance or approval and the grant funds may be applied directly to the student's account in order to satisfy tuition and fees, or to the student. The school will seek the

student's authorization to use a post-withdrawal disbursement for all other educationally-related charges in addition to tuition and fees.

The school is required to return the amount of Title IV Funds for which it is responsible no later than 45 days after the Date of the Determination of the date of the student's withdrawal.

OVERPAYMENTS

Any amount of the unearned grant funds that a student must return directly is called an overpayment. The amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You must make arrangements with the school and/or the Department of Education to return the unearned grant funds, failure to do so will result in no additional Title IV Aid.

OFFICIAL WITHDRAWALS

To officially withdraw from the school, the student must initiate the withdrawal process by contacting the School Director. The school's Cancellation & Refund Policy and RT24 will apply to withdrawn students in accordance with the date provided on the written withdrawal notice and will be effective the date the notice is received.

UNOFFICIAL WITHDRAWALS

Termination of a student is defined as no longer attending and is absent for 10 calendar days, whether by the student's voluntary withdrawal or dismissal by the school as disciplinary action; the last date of attendance will be used for the Cancellation & Refund Policy and RT24 calculations.

LEAVE OF ABSENCE

A student may request a Leave of Absence (LOA). Prior to the start of the leave, a student must request the leave in writing. This leave is granted at the discretion of the administrative staff. Reasons approved for leave may include illness of student or immediate family member, auto accident, maternity leave, as well as other reasons not listed.

The request for leave must be signed and accompanied by documentation supporting the need for the Leave of Absence. Such documentation may include an explanation of existing circumstances from a doctor, lawyer, or counselor citing need for the Leave of Absence. In the event the student cannot make the request in advance (i.e., due to a car accident or other unforeseen circumstance), then the school may still allow a leave. The beginning of the leave will be determined as the first date the student was unable to attend the institution due to the unforeseen circumstance and an end date will be noted that will not exceed the 180 day maximum.

A student who has been absent from school and has been granted a Leave of Absence by the school is not considered to have withdrawn from school. If approved, the official leave will extend the contract period by the same number of days designated in the leave document or actually used by the student. No re-entry fee will be charged if the student returns to class on or before the first class day scheduled after the termination of the Leave of Absence. The Leave of Absence and any additional approved leaves of absence may not exceed a total of 180 days in any twelve-month period.

The Leave of Absence involves no additional charges by the school to the student, the enrollment agreement will be automatically extended by the length of the LOA, and the student agrees to re-enter on the designated date. The student will be dropped as of the last day of attendance should they not return from the LOA. The school's refund policy will be in effect, and any outstanding balance due the school will be due immediately.

THE SCHOOL'S RESPONSIBILITIES REGARDING R2T4

- Provide student with the information given in this policy

- Identify any student who is affected by this policy and complete the Return of Title IV Funds calculation for the students
- Return any Title IV funds that are due the Title IV Programs

THE STUDENT'S RESPONSIBILITIES REGARDING R2T4

- Return funds to the Title IV Program that were disbursed to any student for which the student was determined to be ineligible via the Return of Title IV Funds calculation.

If you have questions about your Title IV program funds, you can call the Federal Student Aid Information Center at: 1-800-4-FEDAID (1-800-433-3243), TTY users may call: 1-800-730-8913. Information is also available on Student Aid at www.studentaid.ed.gov.

SATISFACTORY ACADEMIC PROGRESS POLICY (SAP)

GENERAL INFORMATION/DETERMINATION OF PROGRESS

The following policy is applicable to all students enrolled. It is applied consistently to all students in a program and attendance schedule (i.e., full-time or part-time). It is provided prior to enrollment so that applicants can understand the SAP requirements. SAP will be measured at the following **scheduled** hours to ensure that an evaluation occurs no later than the midpoint of the academic year or the course, whichever occurs sooner:

Cosmetology 450, 900 and 1200 Hours Esthetics and Instructor: 150 and 375 Hours

Students are provided with access to the SAP evaluations at the designated intervals.

Course incompleteness, repetition, non-credit remedial courses have no effect on SAP.

QUALITATIVE REQUIREMENT: Maintain a cumulative academic average of 70% or better at the end of each progress report period. The school uses the following grading scale:

90- 100 A

80 - 89 B

79- 70 C

69 - BELOW STANDARDS - UNSATISFACTORY

1. Students enrolled in an educational program of more than two academic years must have a cumulative GPA of a 70%/C or higher and/or the ability to graduate in order to receive Title IV Funds.

QUANTITATIVE REQUIREMENT:

1. All students must attend 67% of the scheduled hours of attendance to be in compliance.
2. Students must complete his/her educational program in no longer than 150% of the published length of the program as measured in clock hours as determined by the program.

LOSING AND REGAINING ELIGIBILITY:

FINANCIAL AID WARNING STATUS

A student who meets the minimum requirements for attendance and academic performance are considered to be making satisfactory academic progress until the next scheduled evaluation. A student deemed as not making SAP at the reporting period will be automatically placed in a Financial Aid Warning Status and the student will be notified in writing of any potential impact to financial aid, if applicable. At this point, no action is required by the student and they may continue to receive Title IV Funds for one additional payment period. Students who are making SAP at the next reporting period are considered as meeting SAP and have regained full eligibility.

Those who are not making SAP may be placed on Financial Aid Probation Status (see details below). Any student that wants access to their SAP report, may request it from the Financial Aid Director.

FINANCIAL AID PROBATION STATUS

The school may allow for the status of probation for students who are not considered meeting SAP requirements if: a) The institution evaluates the student's progress and determines that the student did not make SAP during the warning period; and b) the student prevails upon appeal of a negative progress determination prior to being placed on probation; and c) The institution determines the SAP standards can be met by the end of the subsequent evaluation period; or d) the institution develops an academic plan for the student that, if followed, will ensure that the student is able to meet the SAP requirements by a specific point within the maximum time frame established for the individual student.

Students who are making SAP at the next reporting period are considered as meeting SAP and have regained full eligibility. Those who are not making SAP will be ineligible to receive Title IV Funds. A student must meet SAP prior to having eligibility reinstated.

APPEAL PROCESS

If a student wishes to appeal a negative SAP determination for the possibility of being placed on probation, the student must submit a written request. The reasons for which a student may appeal include death of a relative, an injury or illness of the student or other allowable special circumstances. The student must submit any applicable documentation and explain what has changed in the student's situation that will allow the achievement of SAP at the next evaluation. The results of the appeal will be documented and placed in the student's file.

REINSTATEMENT OF AID

Reinstatement of aid is limited to the payment period under evaluation. Prior payment periods in which the student was determined ineligible for aid will not be included in the student's reinstatement of eligibility. A student may be paid Title IV funds for the payment period in which he/she resumes satisfactory academic progress. A student who does not achieve the minimum standards is no longer eligible for Title IV funds, if applicable, unless the student is on warning or has prevailed upon appeal of the determination that has resulted in the status of probation as described above.

LEAVE OF ABSENCE AND RETURNING STUDENTS

If enrollment is temporarily interrupted for a Leave of Absence (LOA), the student will return to School in the same progress status as prior to the LOA. Hours elapsed during a LOA will extend the student's contract period and maximum time frame by the same number of days taken in the LOA and will not be included in the student's cumulative attendance percentage calculation. Students who fail to return from an LOA will have an Unofficial Withdrawal on the date they were scheduled to return from the LOA. (See Leave of Absence Policy Page 11).

TRANSFER HOURS AND SAP

Transfer hours from another institution that are accepted toward the student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

FERPA

FERPA, the Family Educational Rights and Privacy Act of 1974, is a federal law that pertains to the release of and access to student educational records. FERPA rights apply to students and parents/guardians of a dependent minor student; a student is a person who is, or has been, in attendance at the School, regardless of the person's age. Under FERPA, a student has a right to:

- Inspect and review his or her educational records
- Request to amend his or her educational records
- Have some control over the disclosure of information from his or her educational records

The directory information made available by the school is:

- Name (maiden, other, preferred, primary)
- Address (all known)
- Telephone (all known)
- Date of Birth
- Birth Location
- Course
- Dates of Attendance
- Degrees & Awards Received
- Most Recent Previous Educational Institution Attended

FERPA also authorizes disclosure of this information without the student's consent under certain circumstances. Directory information will be provided to the public upon request unless the student files a request with the school asking to be excluded from the directory or from any other requests for open directory information from outside entities. A student may update access to their information by contacting a school employee and filing a request to be excluded from the directory or from any other requests for open directory information.

According to FERPA, some non-directory student records may not be released without prior written consent from the student. A record is any information recorded in any way, including but not limited to handwriting, print, tape, film, microfilm, microfiche, and digital image. Educational records are all records that contain information that is directly related to a student and that are maintained by an educational agency or institution or by a party acting on its behalf. Educational records do not include the following:

- Sole possession records (those records kept in the sole possession of the maker which are used only as a personal memory aid and are not accessible or reviewed by any other person except a temporary substitute for the maker of the record)
- Medical or psychological treatment records that include but are not limited to records maintained by physicians, psychiatrists, and psychologists
- Employment records, provided that employment is not contingent upon being a student
- Law enforcement records

The school will disclose information from a student's education record without the written consent of the student to staff members who require access to educational records in order to perform their legitimate educational duties; officials of other schools in which the student seeks or intends to enroll; and in connection with a student's application for, or receipt of, financial aid; and state, federal, and accrediting agencies as required.

Under FERPA, students have a right to see, inspect and request changes to their educational records. Upon request, the School shall provide a student access to his or her educational records except for financial records of the student's parents or guardian; and confidential letters of recommendation where the student has signed a waiver of right of access. Educational records covered by FERPA normally will be made available within ten (10) days of the request. All records are to be reviewed by students in the presence of a staff member. The contents of a student's educational records may be challenged by the student on the grounds that they are inaccurate, misleading, or otherwise in violation of the privacy rights of the student by submitting a written statement to the school.

It is the policy of the school that it will maintain the FERPA disclosure code in effect at the time of a student's last term of enrollment for former students. Furthermore, the school will honor a request from a former student, not re-enrolled, to add or delete a non-disclosure request.

FERPA rights cease upon death. However, it is the policy of the school that no records of deceased students be released for a period of five (5) years after the date of the student's death, unless specifically authorized by the executor of the deceased's estate or by next of kin.

If students believe that their FERPA rights have been violated, they may contact the Family Policy Compliance Office at the Department of Education, 400 Maryland Ave SW, Washington DC 20202-5920. Additional information is available at www.ed.gov/policy/gen/guid/fpco/.

PARENT RIGHTS UNDER FERPA

At the post-secondary level, parents have no inherent right to access or inspect their son's or daughter's educational records, including final grades, grades on exams, and other information about academic progress. This information is protected under FERPA and parents do not have access to it unless the student has provided written authorization, or unless the student is a dependent as defined in Section 152 of the Internal Revenue code of 1954.

Students can give written permission of access to their educational record by completing the Privacy Release Authorization Form and remitting it to the school director.

In emergency or crisis situations, the school may release non-directory information if the institution determines that the information is necessary to protect the health or safety of the student or other individuals.

VERIFICATION

Each year at least 30% of financial aid recipients are randomly selected for verification by the U.S. Department of Education. If a student is selected for federal verification, he/she will be asked to complete a Verification Worksheet and must provide additional information before financial aid can be disbursed to the student account. This documentation may include but is not limited to federal income tax returns and W-2 forms (student's, spouse, and/or parents/guardians), proof of untaxed income, housing allowances, etc. Students will be notified in writing of all documents required to fulfill this federal requirement. If after review by the Financial Aid Director there are any changes to the financial aid package, the student will be notified in writing.

NON-SMOKING FACILITY

The school is a non-smoking building.

VACCINATION POLICY

Salon & Spa Institute complies with the State of Texas requirements for vaccinations. At this time Texas does not require any vaccinations prior to or during enrollment in its programs.

DRUG & ALCOHOL ABUSE PREVENTION PROGRAM (DAAPP) & POLICY

Salon & Spa Institute in its policies supports and endorses the Federal Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989 which mandate

that Salon & Spa Institute have a drug and alcohol abuse prevention program. Our prevention program is comprised of the following components:

Education and information about the dangers of drug abuse in the workplace and on school property will be disseminated through bulletin boards and the school catalog and employee handbook.

Programs which address unlawfully controlled substance use, including personnel actions that may result from such violations, will be coordinated and conducted annually by the School Director.

In compliance with federal government regulations for a drug-free workplace for students and employees, this policy strictly prohibits the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance or abuse of alcohol by anyone on Salon & Spa Institute property or as a part of any Salon & Spa Institute activity. A violation of this policy is considered a major offense, which may result in requirement for satisfactory participation in a drug or alcohol rehabilitation program, referral for criminal prosecution, and/or immediate disciplinary action up to and including termination from employment and suspension or expulsion from the school. A criminal conviction is not required for sanctions to be imposed upon an employee or student for violations of this policy. Violations of applicable local, state and federal laws may subject a student or employee to a variety of legal sanctions including but not limited to fines, incarceration, imprisonment and/or community service requirements. Convictions become a part of an individual's criminal record and may prohibit certain career and professional opportunities.

Students convicted for any offense, during a period enrollment for which the student was receiving Title IV funds, under any federal or state law involving possession or sale of illegal drugs will result in the loss of eligibility for any Title IV assistance.

The unlawful manufacture, distribution, dispensation, possession or use of a controlled substance or abuse of alcohol by anyone on Salon & Spa Institute property or as a part of any Salon & Spa Institute activity is prohibited. Students taking prescribed or over-the-counter medication which may affect one's ability to function should so inform Campus Security Authorities (SSI Administrative Staff).

Health risks generally associated with alcohol and drug abuse can result in but are not limited to a lowered immune system, damage to critical nerve cells, physical dependency, lung damage, heart problems, liver disease, physical and mental depression, increased infection, irreversible memory loss, personality changes and thought disorders. The use of alcohol and other drugs represents a serious threat to health and the quality of life. More than 25,000 people die each year from drug-related accidents or health problems. With most drugs, it is possible that users will develop psychological and physical dependence. The health risks associated with the use of illicit drugs and the abuse of alcohol are:

Alcohol

Alcohol use may produce short-term effects that include behavioral changes, impairment of judgment and coordination, greater likelihood of aggressive acts, respiratory depression, irreversible physical and mental abnormalities in newborns (fetal alcohol syndrome) and death. Long-term effects of alcohol abuse include damage to the liver, heart and brain; ulcers; gastritis; malnutrition; delirium tremens; and cancer. Over time, beer, wine, and wine coolers, as well as hard liquor, often cause dependency and may be fatal. Alcohol combined with many types of drugs can prove to be a deadly mixture.

Cannabis (Marijuana, Hashish, Hash, etc.)

Cannabis use impairs short-term memory comprehension, concentration, coordination and motivation. Cannabis may also cause paranoia and psychosis. Marijuana smoke contains more cancer-causing agents than tobacco smoke. The tar in marijuana is a highly irritating carcinogenic. The way in which marijuana is smoked - deeply inhaled and held in the lungs for a long period - enhances the risk of getting cancer. Combined with alcohol, marijuana can produce a dangerous multiplied effect. Long term use may develop psychological dependence.

Cocaine/Crack

Cocaine use stimulates the central nervous system and is extremely addictive, both psychologically and physically. Effects include dilated pupils, increased heart rate, elevated blood pressure, insomnia, loss of appetite, hallucinations, paranoia, seizures and death due to cardiac arrest or respiratory failure. Chronic use can cause ulceration of the mucous membrane in the nose. Cocaine can produce psychological dependency, a feeling that the user cannot function without the drug. Crack or free-base rock, a concentrated form of cocaine, is extremely potent. Its effects are felt within ten seconds of administration. Cocaine use may lead to death through disruption of the brain's control of heart and respiration.

Amphetamines/Stimulants (speed, uppers, crank, caffeine, etc.)

Stimulants speed up the nervous system and can cause increased heart and breathing rates, elevated blood pressure, dilated pupils, decreased appetite, headaches, blurred vision, dizziness, sleeplessness, anxiety, hallucinations, paranoia, depression, convulsions and death due to a stroke or heart failure. Extremely high doses can cause rapid or irregular heartbeat, tremors, loss of coordination, and even physical collapse. An amphetamine injection creates a sudden increased in blood pressure that can result in stroke, very high fever, or heart failure. In addition to the physical effects amphetamines and other stimulants, users report feeling restless, anxious, and moody. Higher doses intensify the effects. Persons who use large amounts of amphetamines over a long period of time can develop an amphetamine psychosis that includes hallucination, delusions, and paranoia.

Narcotics (heroin, methadone, morphine, opium, codeine, Demerol, etc.)

The use of narcotics initially produces feelings of euphoria often followed by drowsiness, nausea and vomiting. An overdose may result in convulsions, coma and death. Tolerance to narcotics develops rapidly and dependence is likely.

The use of unsterilized syringes may result in transmission of diseases such as AIDS, endocarditis, and hepatitis. Addiction in pregnant women can lead to premature, stillborn, or addicted infants. An overdose may produce slow and shallow breathing, clammy skin, convulsions, coma, and death.

Depressants (Quaaludes, downers, valium, etc.)

The use of depressants can cause both physical and psychological dependence. It can slow down the central nervous system and can cause decreased heart and breathing rates, lowered blood pressure, slowed reactions, confusion, distortion of reality, convulsions, respiratory depression, coma and death. Regular use over time may result in tolerance to the drug, leading the user to increase the quantity consumed. When regular users stop taking depressant drugs, they may develop withdrawal symptoms ranging from restlessness, insomnia, and anxiety to convulsions and death. Babies born to mothers who abuse depressants during pregnancy may be physically dependent on the drugs and show withdrawal symptoms shortly after they are born. Birth defects and behavioral problems have been associated with these children. The combination of depressants and alcohol can increase the effects of the drugs, thereby multiplying the risks

Hallucinogens (PCP, angel dust, LSD, etc.)

Hallucinogen use interrupts the functions of the part of the brain that controls the intellect and instincts. Use of hallucinogens may result in self-inflicted injuries, impaired coordination, dulled

senses, incoherent speech, depression, anxiety, violent behavior, paranoia, hallucinations, increased heart rate and blood pressure, convulsions, coma, and heart and lung failure. Chronic users of PCP report persistent memory problems and speech difficulties. In later stages, chronic users often exhibit paranoid and violent behavior and experience hallucinations. Large doses of PCP may produce convulsions, coma, heart and lung failure, or ruptured blood vessels in the brain. Lysergic acid (LSD), mescaline, and psilocybin cause illusions and hallucinations. The physical effects may include dizziness, weakness, tremor, nausea, and drowsiness. Sensations and feelings may change rapidly. It is common to have a bad psychological reaction to LSD, mescaline, and psilocybin. The user may experience panic, confusion, suspicion, anxiety, and loss of control. Delayed effects, or flashbacks, can occur even after the use has ceased.

Designer Drugs

Underground chemists modify the molecular structure of certain illegal drugs to produce analogs known as designer drugs. These drugs can be hundreds of times stronger than the drugs that they are designed to imitate. Examples of these types of drugs include but are not limited to: Ecstasy, PCP, LSD, GHB, and Ketamine. The narcotic analogs can cause symptoms such as those seen in Parkinson's disease; uncontrollable tremors, drooling, impaired speech, paralysis, and irreversible brain damage. Analogs of amphetamines and methamphetamines cause nausea, blurred vision, chills or perspiration, and faintness. Psychological effects include anxiety, depression, and paranoia. As little as one dose can cause brain damage. The analogs of phencyclidine cause illusions, hallucinations, and impaired perception.

Anabolic steroids

Anabolic steroids seriously affect the liver, cardiovascular and reproductive systems. The use of steroids can cause sterility in males and females as well as impotency in males.

Tobacco/Nicotine

Use of tobacco and/or nicotine causes death among some 480,000 people in the United States each year due to smoking-related coronary heart disease and approximately 160,000 from cancer. Lung, larynx, esophagus, bladder, pancreas and kidney cancers strike smokers at increased rates. Emphysema and chronic bronchitis are 10 times more likely among smokers.

Students may obtain this information by contacting their local Police Departments or the Texas Sex Offenders Database at <https://records.txdps.state.tx>

Salon & Spa Institute (SSI) is committed to complying with all laws that prohibit discrimination on the basis of sex in admission to, employment with, and otherwise in the operation of its educational program and activities. Among the applicable laws, Title IX of the Education Amendments of 1972 prohibits sex discrimination and sexual harassment in schools. In compliance with Title IX, Salon & Spa Institute is committed to ensuring that all its students have equal opportunity to benefit from our program and activities, and that all its employees enjoy equal employment opportunity, free from sex discrimination and sexual harassment. The protections of Title IX also extend to third parties. Salon & Spa Institute has developed this Title IX policy and the associated processes to ensure that all complaints of sex discrimination and sexual harassment—whether brought by students, employees, or third parties—are promptly investigated and, where a violation is found, that Salon & Spa Institute takes action to end the conduct, prevent its recurrence, and address its effects.

Salon & Spa Institute (SSI) will not tolerate any form of sexual harassment, assault or violence, whether committed by a stranger or an acquaintance. Such behavior is a violation of the standards of the community and may be a criminal act under Texas Law. This policy is intended to promote a community free of sexual misconduct, and to offer a process for reporting and addressing violations of the policy.

SEX DISCRIMINATION

Sex discrimination means treating an individual or group less favorably than another based upon the sex or gender of that individual or group. For students, it involves conduct or statements that deny the student(s) an equal opportunity to fully benefit from the school's program and activities. For employees, it involves conduct or statements that deny the employee(s) an equal opportunity in employment.

SEXUAL HARASSMENT

Sexual harassment is one form of sex discrimination. Sexual harassment is unwelcome advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when submission to or rejection of this conduct explicitly or implicitly affects a person's employment or education, unreasonably interfered with a person's work or educational performance, or creates an intimidating, hostile or offensive working or learning environment.

Sexual harassment is defined by the sexual nature of the conduct or communication, not the gender of the individuals involved. Therefore, it may be perpetrated by and against individuals of either gender, and between individuals who are of the same gender. The determination of what constitutes sexual harassment will vary with the particular circumstances. Uncivil conduct or common profanity generally do not meet the definition of sexual harassment, except where sexual in nature and so severe or pervasive as to deny or limit the individual's ability to participate in or benefit from the school's program (in the case of a student) or to enjoy equal employment opportunity (in the case of an employee). A series of incidents may constitute sexual harassment, even if one of the incidents on its own would not rise to the level of harassment. At the same time, a single or isolated action may constitute sexual harassment when that action is sufficiently severe.

While hostile-environment sexual harassment may encompass a wide range of conduct, some examples of specifically prohibited conduct include:

- Acts of verbal, non-verbal, or physical aggression, intimidation or hostility based on sex or sex stereotyping
- Use of offensive or demeaning terms that have a sexual connotation

- Objectionable physical closeness, behavior, actions, or contact
- Inappropriate or repeated suggestions regarding, or invitations to, social engagements or events, whether or not SSI related
- Suggestions, express or implied, that the terms or conditions of enrollment or employment may depend on the granting of sexual favors
- Actions relating to a student's or employee's status with SSI which is in fact impacted by providing or refusing to provide sexual favors
- Jokes or remarks of a sexual nature
- Showing or sending materials that have a sexual content or are of a sexual nature (such as cartoons, articles, pictures, etc.), by e-mail, interoffice mail, internet or otherwise.

This list is not exhaustive. SSI reserves the right to determine whether particular conduct violates its Title IX policy or is otherwise inappropriate under other policies. All people subject to this policy—including employees, students, and third-parties—are expected to treat the others with whom they interact in connection with their employment, education, or presence at SSI with respect at all times.

In determining whether certain conduct creates a hostile environment in violation of this policy, SSI considers all relevant circumstances. Relevant factors may include, but are not limited to:

- The degree to which the conduct has affected one or more person's education and/or employment
- The type, frequency, and duration of the conduct
- The identity of and relationship between the alleged harasser and the subject or subjects of the harassment
- The number of individuals involved

The totality of the circumstances will be considered in determining whether a hostile environment exists.

SEXUAL ASSAULT

Sexual assault is a form of sexual harassment. A range of conduct falls into the category of sexual assault, including without limitation sexual violence, sexual battery, sexual coercion, rape, or other sexual contact involving force, threat, or intimidation.

TITLE IX POLICY REPORTS & COMPLAINTS

Any student, employee or other person who believes that he or she has been subjected to any form of sex discrimination, sexual harassment, or sexual assault in violation of this policy should make a complaint. SSI takes all such complaints seriously. SSI strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation for the proof of a criminal offense. SSI also encourages each complainant to put his or her complaint in writing, providing a detailed description of the alleged events that are the basis for the complaint and a list of witnesses to the events. SSI strongly encourages any person who wishes to make a complaint under this policy to bring that complaint directly to SSI's Title IX Coordinator. However, a student may also bring such a complaint to the Campus Security Authorities (SSI Administrative Staff), school instructor, or anyone with whom he or she is comfortable. Likewise, an employee may bring such a complaint to their immediate supervisor, another manager, or the Campus Security Authorities. In each case, the complainant should understand that the complaint will be forwarded to the Title IX Coordinator.

An assault should be reported directly to local police and/or Campus Security Authorities. Upon request, Campus Security Authorities will assist victims in reporting incidents of sexual assault to local police. Filing a police report will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers.

At times, SSI employees may have knowledge of conduct (by witnessing it or, alternatively, by hearing a second-hand report about the conduct) that may constitute a violation of this Title IX policy. When the witnessed or reported conduct is perpetrated against a student, any Campus Security Authorities who possesses that knowledge is expected to immediately report the matter to their supervisor and the Title IX Coordinator, even if the individual making a report requests that no action be taken.

Employees who fail to meet this reporting expectation will be subject to disciplinary action, up to and including termination.

SSI seeks to handle each complaint and investigation with professionalism and discretion. A fair and effective investigation often requires that the details of the complaint and/or the identity of the complainant be shared with those individuals involved in and/or interviewed in the investigation. Such individuals will, however, are expected to maintain the confidentiality of the matter to the extent possible. Before beginning an investigation, SSI will seek consent of the complainant to proceed with the investigation and identify him or her in connection with the complaint. If the complainant requests that no investigation occur or that his or her name not be disclosed, SSI will: Weigh the request(s) against its broader responsibility to provide an environment free from sex discrimination, sexual harassment, and sexual assault for all, considering the totality of the circumstances (the seriousness of the alleged harassment, whether there have been other harassment complaints about the same individual, etc. and inform the complainant whether it can comply with the request(s).

Students who are found to be participating in any form of sexual harassment will be subject to disciplinary action, including but not limited to suspension or dismissal from school. If you believe you have been sexually assaulted, your first priority should be to get to a place of safety. During Salon & Spa Institute's investigation of sexual assault allegations, both accused and accuser have the right to have others present during proceedings and to be informed of the outcome of disciplinary proceedings. If a final determination is made that any student of Salon & Spa Institute is found to be committing acts of sexual misconduct in violation of the law on Salon & Spa Institute property or at Salon & Spa Institute events, they shall be subject to, at a minimum, the referral to counseling and automatic and immediate suspension or dismissal from school. Salon & Spa Institute imposed sanctions are additional to any legal actions taken by local, state or federal authorities. Student victims have the option to change their academic situation after an alleged sexual assault, if such changes are reasonably available.

Title IX Coordinator will document all reports and complaints of sex discrimination, sexual harassment, and sexual assault and establish a protocol for keeping records related to such incidents.

The Campus Security Authorities in conjunction with outside organizations and agency assistance are available to assist with carrying out the provisions of the state and federal requirements.

EMERGENCY PROCEDURES

The school has four (4) fire extinguishers located in the hallways and throughout the facility. There are 4 Exit doors; front and back and two along the south classrooms in the event of an evacuation. Students and employees are shown all exits during their initial tour of the campus and evacuation plans are hanging in each hallway. Please familiarize yourself with the quickest and safest exit available to you should there be an emergency. Students are advised to evacuate the premises in an orderly fashion and it is mandatory that all students meet at the end of the parking lot at the corner of Coria and Wildrose (the furthest point from the building) where the

school will conduct a roll call to establish every student has evacuated the building. Students will be notified by school personnel when it is safe to return. In the event of an emergency call 911 immediately and notify the school director if possible.

TITLE IV

A current year FAFSA (Free Application for Federal Student Aid) is required to be completed prior to a determination of eligibility for all Title IV funds and prior to each new award year. Directions to complete this application, an MPN (Master Promissory Note), and Entrance Counseling are located on the “Directions to Apply for Federal Student Aid”, the US Department of Education’s annual publication of “Funding Education Beyond High School: The Guide to Federal Student Aid” and Direct Loan Basics for Students” available in the Student Resource Center and/or Financial Aid Office; or:

FAFSA Website www.studentaid.ed.gov.

The school currently participates in the Pell Grant, Stafford Direct Loan and Parent PLUS Direct Loan programs. The school does not coordinate but will certify veterans, state, local government and private funding sources.

Need Based Aid (Pell Grant and Stafford Subsidized Loan) Calculation:

COA (Cost of Attendance) - EFC (Expected Family Contribution) = Need Eligibility

Non-Need Based Aid (Unsubsidized Stafford and Parent PLUS Loan) Calculation:

COA - EFA (Expected Financial Assistance/all other aid) = Non-Need Eligibility

COA = Budget - each student receiving an Award Letter estimating Title IV Eligibility will be assigned a Budget. The COA includes the following items: Tuition & Fees, Room and Board, Transportation, Misc/Personal, Books/Supplies and Other items such as special circumstances or expenses related to disabilities.

The school does not offer private education/institutional loans, nor does the school have preferred lender arrangements. Should a student insist on seeking a Private Educational Loan, loan certification will only be provided after a student has demonstrated need and exhausted all Federal Student Aid eligibility and a Private Education Loan Application Self-Certification must be completed.

Students who borrow a Stafford Loan while attending the school must complete Direct Loan Entrance Counseling before funds will be certified.

Exit Counseling must be completed by all students who receive Title IV Direct Loans before graduating or withdrawing from school. If a student is unavailable to complete at the school a package a Direct Loan Exit Counseling Guide will be mailed to them for completion.

Counseling may be provided in person (individually or in groups), using audiovisual materials US Department of Education Publications and/or online. Student borrowers should be advised to complete online exit counseling or come to the counseling session at the school shortly before graduating, or ceasing at least half-time enrollment.

Due to a class size fewer than 50 students the school does not release the gender and ethnicity

of enrolled, full-time students who are enrolled or receive Title IV; doing so would lead to individually identifiable student recipients and violate their right to privacy. In addition to information published in this catalog details on Student Body Diversity, Federal Student Aid Recipient Details and Program Costs can be found on the College Navigator Website at www.nces.ed.gov/collegenavigator.

NSLDS (National Student Loan Data System) is available at www.nsls.ed.gov where borrower's loan history can be reviewed. Students without Internet access can identify their loan holder by calling 1-800-4-fed-aid. The borrower will be made aware that the information on the NSLDS site is updated by schools and the Department of Education and may not always have the most current information available. Information is accessible by guaranty agencies, lenders, and institutions determined to be authorized users of the data system.

The Ombudsman's office is a resource for borrowers when other approaches to resolving student loan problems have failed at 1-877-557-2575.

CONSTITUTION DAY

The school celebrates Constitution Day on or near September 17 of each year as required www.constitutionday.com.

VOTER REGISTRATION

Students are encouraged to register and vote in state and federal elections. Voter Registration and Election Date information for the State of Texas can be found at: www.sos.state.tx.us.

The Elections Division of the Secretary of State's Office is open from 8:00 a.m. until 5:00 p.m. weekdays. The Elections Division is also open during the hours that the polls are open on all uniform election dates (2nd Saturday in May and 1st Tuesday after the 1st Monday in November), on the primary and primary runoff election dates (1st Tuesday in March of even-numbered years and 2nd Tuesday in April following the primary), and the dates on which special statewide and federal elections may be ordered. Answers to questions on election law and procedures may be obtained by telephoning the Elections Division toll-free at 1.800.252.VOTE (8683) or direct at 512.463.5650.

To be eligible to register to vote in Texas, a person must be:

- A United States citizen
- A resident of the Texas county in which application for registration is made
- At least 18 years old on Election Day
- Not finally convicted of a felony, or, if so convicted must have (1) fully discharged the sentence, including any term of incarceration, parole, or supervision, or completed a period of probation ordered by any court or (2) been pardoned or otherwise released from the resulting disability to vote
- Not determined by a final judgment of a court exercising probate jurisdiction to be (1) totally mentally incapacitated or (2) partially mentally incapacitated without the right to vote

Registering to vote is easy in Texas. Official applications to register to vote are postage-paid by the State of Texas. In most Texas counties, the County Tax Assessor-Collector is also the County Voter Registrar. In some counties, the County Clerk or County Elections Administrator registers voters. You may obtain an application from the school, the Secretary of State's Office, libraries, many post offices, or high schools. Or, you may download an informal application, but you will be required to affix a stamp before mailing. You may also register to vote when you apply for or renew your driver's license.

The application must be received in the County Voter Registrar's office or postmarked 30 days before an election in order for you to be eligible to vote in that election. You will receive a voter registration certificate in the mail after the County Voter Registrar has processed your voter registration application. Upon receipt of the voter registration certificate, sign it, fold it and keep it in your wallet and take it to the polls with you when you vote.

All voters who registered to vote in Texas must provide a Texas driver's license number or personal identification number issued by the Texas Department of Public Safety or the last four digits of your social security number. If you have not been issued any of these numbers, then you must state that fact on the application by checking the designated box.

A voter who has not been issued a driver's license or social security number may register to vote, but such voter must submit proof of identification when presenting himself/herself for voting or with his/her mail-in ballots, if voting by mail. These voters' names are flagged on the official voter registration list with the annotation of "ID." The "ID" notation instructs the poll worker to request a proper form of identification from these voters when they present themselves for voting. Acceptable identification includes:

- Driver's license or personal identification card issued to the person by the Department of Public Safety or a similar document issued to the person by an agency of another state, regardless of whether the license or card has expired
- Form of identification containing the person's photograph that establishes the person's identity
- Birth certificate or other document confirming birth that is admissible in a court of law and establishes the person's identity
- United States citizenship papers issued to the person
- United States passport issued to the person
- Official mail addressed to the person by name from a governmental entity
- Copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of the voter
- Any other form of identification prescribed by the Secretary of State

VOTER REGISTRATION CERTIFICATE

- Once you apply, a voter registration certificate (proof of registration) will be mailed to you within 30 days
- Check your certificate to be sure all information is correct (if there is a mistake, make corrections and return it to the voter registrar immediately)
- When you go to the polls to vote, present your certificate as proof of registration
- You may vote without your certificate by signing an affidavit at the polling place and showing some other form of identification (for example; driver's license, birth certificate, copy of electric bill)
- If you lose your certificate, notify your County Voter Registrar in writing to receive a new one
- You will automatically receive a new certificate every two years, if you haven't moved from the address at which you are registered.

If you move within the same county simply go to the Secretary of State's web site and change your address online or promptly notify the County Voter Registrar, in writing, of your new address by: Correcting your current voter registration certificate on the back and returning it to the County Voter Registrar

- Filling out a new voter registration application form and checking the "change" box

- Making simultaneous changes to your driver's license and voter registration when you apply for or update your driver's license.

You will receive a new certificate with your new address. You will be able to vote in your new precinct 30 days after your change of address is submitted. If you miss the deadline (30 days before an election), you may vote in your former precinct as long as you still reside in the political subdivision conducting the election.

Your residence is located in a specific "precinct," which is an area within the county. There are many precincts within a county. The place where you will vote on Election Day is located in your precinct. There may be combined precincts in order to accommodate joint local elections; therefore, in some elections you may vote outside your designated precinct. The County Clerk or County Elections Administrator can give you the specific location of your polling place, or you can check on-line to see if the County Clerk or Elections Administrator has that information posted. The Secretary of State's Office may also provide polling place information at the "Where do I vote" link on its webpage prior to the primary, primary runoff and November uniform election date elections.

If you move to another county you must re-register. Fill out a new application and mail it, or take it in person, to the Voter Registrar of your new county. You may not register online if you move from one county to another. You will be registered 30 days after your application is submitted. You will receive a new certificate.

After changing residence to another county, a person may be eligible to vote a "limited" ballot in his/her new county of residence on candidates or issues common to the old and new counties. A "limited" ballot may be voted only during early voting by personal appearance or by mail (not on Election Day) if:

- The person would have been eligible to vote in the county of former residence on Election Day if still residing in that county
- The person is registered to vote in the county of former residence at the time the person offers to vote in the county of new residence
- A voter registration for the person in the county of new residence is not effective on or before Election Day

Promptly notify the County Voter Registrar, in writing, of the name change using the same steps as for IF YOU MOVE WITHIN THE COUNTY. You will receive a new certificate 30 days after your name change notice is submitted. You may continue to vote during this period. If you do not have your certificate in hand, you may sign an affidavit at the polls and present a form of identification.
